The user friendly donning aid for medical compression arm sleeves

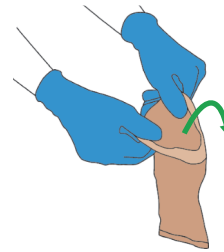

Arion Easy-Slide Arm makes putting on compression arm sleeves quick and easy thanks to its unique sliding properties. This straightforward donning method requires very little physical effort from the compression wearer or his caregiver. Simply put the aid over your arm and slide your medical compression arm sleeve up the limb over the application aid. Arion Easy-Slide Arm helps compression wearers enjoy the convenience of putting on compression arm sleeves independently and regularly.

Before you start:

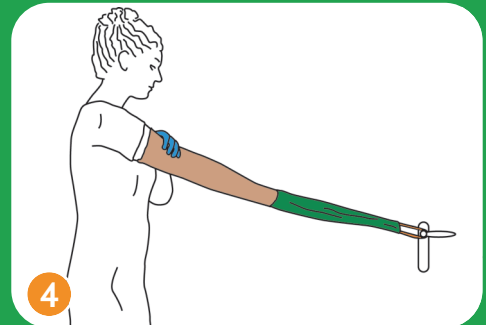

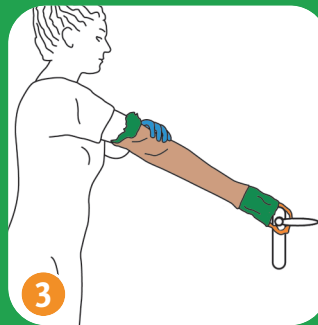

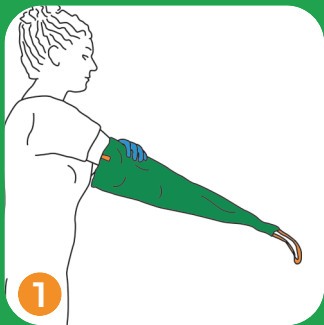

Make sure the product is ready for use:

- Fold back the extra fabric into the „green bag“
- Align the fold line with the top of the orange labels

In case the compression garment has a silicon border, make sure to turn it outwards

Donning instructions

Use a door handle to make it easier pulling out the Easy-Slide Arm

Compression therapy made easier

Arion donning and doffing aids for medical compression garments

Easy to Use

- Minimize friction between compression garment and skin
- Reduce physical strain for both compression wearers and caregivers
- Promote independence of compression wearers

Safe to Apply

- Reduce risk of skin damage ; can be especially beneficial in case of high skin sensitivity or leg ulcers
- Contribute to a longer garment lifetime by preventing damage from fingers and nails
- Help maintaining the original compression longer and avoiding garments from overstretching and distortion

Simple Solutions

- Application aids for all types of compression garments: stockings, tights, arm sleeves, and gloves
- Designed for different shapes and sizes of limbs
- Support the concordance to compression therapy
