

# GoWell MED Soft

**MED Soft** is smooth, light wearing sock with a crease-free fit due to a combination of its special knitting technique and material. Featuring a very elastic shaft and hem, hand stitched toe seam on the outside for a more comfortable fit and sensation.

- Suitable for wearers that requires a softer sock or suffer from venous discomfort.
- Able to be worn over medical compression garments
- Ideal for patients with diabetes or rheumatism.

## Available in Sizes:

II (EU 35-38), III (EU 39-42), IV (EU 43-45) and V (EU 46-48)

## Colours:

Black, Dark Blue (indent), Natural (indent) and White (indent)

Note: White and Natural are able to be washed at 90 degrees
