## ReadyWrap™

Clinically-effective and easy-to-use adjustable compression wrap.

ReadyWrap is an adjustable variable compression wrap that provides patients and their caregivers an easy-to-use solution to support wound healing and edema management.<sup>1</sup> This wrap provides clinically-effective compression therapy while supporting patient compliance with its unique alternating strapping system. With ReadyWrap, you can be certain your patients will have an effective and comfortable garment that easily adjusts to their limb and donning abilities.

**A** Curved design contours the shape of the limb to provide comfortable support

**B** 50% overlapping straps provide full variable compression coverage of the calf<sup>1</sup>

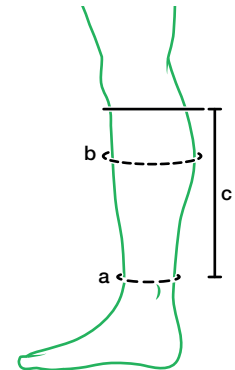

**C** Blocked spine helps keep the garment form to support all day wear<sup>1</sup>

**D** Color-coded strapping system makes donning easy for better patient compliance

Each garment includes one complimentary ReadyWrap liner 6-month material and manufacturing warranty
