CURETAPE® PUNCH

The uniquely perforated pattern exerts variable pressure. The perforated pattern causes differences in pressure within the tape applied, as a result of which receptors in the skin and fascia receive even more stimuli. CureTape Punch provides increased stretch capacity and works three-dimensionally.

Material : Elastic cotton tape provided with a breathable, hypoallergenic acrylic adhesive

Dimensions per roll : 5 cm x 5 m

Packing unit : 6 rolls per display box

Available colours : 

CureTape Punch neutral	Article nr.: 1200
CureTape Punch blue	Article nr.: 1210
CureTape Punch pink	Article nr.: 1220
CureTape Punch black	Article nr.: 1230
CureTape Punch orange	Article nr.: 1260

CURETAPE® SPORTS

CureTape Sports tape is made of viscose, a semi-synthetic fibre with a natural base. Viscose has the same comfort as cotton, although it has a softer touch and it dries faster. This material, with our hypoallergenic acrylic adhesive, provides extra powerful adhesion and is water resistant. CureTape Sports is very suitable to wear during intensive sports, even under extreme conditions.

Material : Elastic viscose tape with an extra strong, breathable hypoallergenic acrylic adhesive

Dimensions per roll : 5 cm x 5 m

Packing unit : 6 rolls per display box

Available colours : 

CureTape Sports neutral	Article nr.: 2105
CureTape Sports orange	Article nr.: 2101
CureTape Sports lime	Article nr.: 2102
CureTape Sports black	Article nr.: 2103
CureTape Sports blue	Article nr.: 2104

CURETAPE® ART

CureTape Art is made by a unique printing process, where the dye is completely absorbed into the fibre, keeping the surface smooth and soft. CureTape Art is the only printed kinesiology tape which uses this technique. The eye-catching prints of CureTape Art combine perfectly with the existing colours of CureTape Classic.

Material : Elastic cotton tape with a breathable hypoallergenic acrylic adhesive

Dimensions per roll : 5 cm x 5 m

Packing unit : 6 rolls per display box
