

The original donning aid for medical compression stockings and tights with an open toe.

Arion Easy-Slide provides a solution for patients who wear compression stockings and tights with an open toe while reducing friction between the compression garment and the skin. Thanks to Arion Easy-Slide's unique sliding properties, you can put on hosiery without difficulty. Furthermore, Arion Easy-Slide is an essential aid for caregivers who assist their patients with the task of donning their compression hosiery on a daily basis.

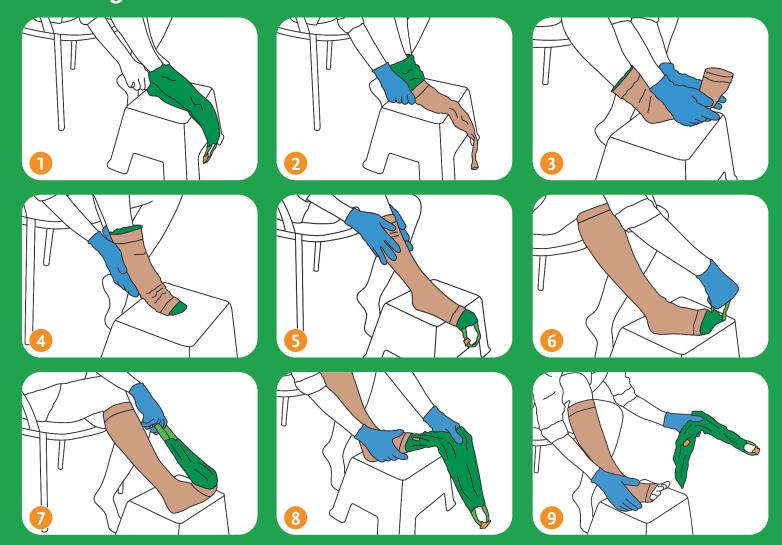

Make sure the product is ready for use:
- Fold back the extra fabric into the "green bag"
- Align the fold line with the top of the orange labels

In case the compression garment has a silicon border, make sure to turn it outwards

Donning instructions

Compression therapy made easier

Arion donning and doffing aids for medical compression garments

Easy to Use

- Minimize friction between compression garment and skin
- Reduce physical strain for both compression wearers and caregivers
- Promote independence of compression wearers

Safe to Apply

- Reduce risk of skin damage; can be especially beneficial in case of high skin sensitivity or leg ulcers Contribute to a longer garment lifetime by preventing damage from fingers and nails Help maintaining the original compression longer and avoiding garments from overstretching
- and distortion

Simple Solutions

- Application aids for all types of compression garments: stockings, tights, arm sleeves, and gloves
- Designed for different shapes and sizes of limbs
- Support the concordance to compression therapy

Arion Easy-Slide
